

Undergraduate Travel Award Application

The Chemistry Department encourages undergraduates engaged in independent research (typically CHEM 491 or CHEM 492) to present their research at a professional meeting. To support this activity, the Department provides some travel awards to help defray expenses.

Most commonly, students apply for attendance at ACS National Meeting (held in both Spring and Fall) or a regional ACS meeting. Other professional meetings would also be considered subject to research advisor and departmental approval. Students receiving funding MUST present a poster or give an oral presentation at the meeting.

The award will supplement transportation costs (up to \$400), hotel accommodations (up to \$500) and student level registration fee (up to \$129). Students registering for an ACS meeting must join the ACS as student member (\$29) in order to register at the student rate.

Name: _____ Major: _____ B.S. or B.A.: _____

GPA: _____ Research Advisor: _____ Oral or poster presentation: _____

Conference: _____ Location: _____

Presentation title: _____

Application Checklist

Research Advisor has approved your participation in a national or regional research conference

Attached confirmation of your abstract submission

Attached copy of your submitted abstract

Attached copy of your unofficial transcript

Please send this form, along with the rest of the application materials, to Anita Walker at aawalker@rice.edu by the application deadline.
